SPECIAL • The <i>Omnissiah's Victory</i> is a slow and ponderous vessels and cannot use <i>Come to New Heading</i> special orders. • The <i>Omnissiah's Victory</i> is a unique vessel; only one may ever be present in the fleet. • In no case can more than one Ark Mechanicus ever be used in a fleet. • The <i>Omnissiah's Victory</i> can only be taken in place of one battleship in an a fleet that totals 1000 points or greater and is made up primarily of Adeptus Mechanicus vessels. • The <i>Omnissiah's Victory</i> must be the flagship and embark a Venerated Archmagos for the cost listed in the fleet list. • The <i>Omnissiah's Victory</i> is equipped with Repulsor Shields and Augmented Weapon Relays as part of its point cost. • The <i>Omnissiah's Victory</i> cannot take any refits (from the Mechanicus Gifts table or from elsewhere) except the one described in the options below. In a campaign it can earn other refits normally.					
OPTIONS • The <i>Omnissiah's Victory</i> represents only one of several unique Arks Mechanicus that ply the void. Though more common Mechanicus battleships normally reprise the role of Ark Mechanicus in a fleet, there are a few other unique vessels that do not fit into any normal classification. Using the exact profile above and all special rules listed for the <i>Omnissiah's Victory</i>, an Ark Mechanicus may exchange its broadside lance batteries for strength-2 launch bays for +10 points.
