Port weapons battery		60 cm	12		Left
Starboard weapons battery		60 cm	12		Right
Dorsal lance battery		60 cm	3		Left/front/right
Prow torpedoes		30 cm	9		Front
SPECIAL	• The Retribution class battleship is heavy to manoeuvre and cannot use the <i>Come to New Heading</i> special order.				

The two Retribution class battleships of the Gothic Sector fleet are believed to date from the earliest days of the Imperium. The traditional armoured prow and distinctive multiple-tube plasma engines mark them as products of the Martian shipyards. The first records of the *Bloodhawk* state that it fought at the Battle of Merin where it was severely damaged by torpedoes. During the Age of Apostasy the *Bloodhawk* became cut off by the forces of the renegade Admiral Sehellia while visiting the fleet bases at Hydrapbur. Through heroic efforts and several running battles the *Bloodhawk* evaded Sebellia's squadrons and eventually arrived at Cypra Mundi over eight years later, where it was adopted as part of Battlefleet Obscuras. The *Cardinal Boras* is known to have led the ill-starred exploration fleet of rogue trader Ventunius into the northern rim and was one of only five ships to return. Subsequently it fought at the Battles of Callavell, Arnot's Landing and Korsk, where its bombardment forced the capitulation of the rebellious Regime of Iron. The *Cardinal Boras* is a well-travelled vessel and has been assigned to eighteen different sector fleets over the past four millennia. It was finally assigned to the Gothic Sector over four hundred years ago.
