The Siluria class light cruiser is a much older design than the Endeavour or Dauntless, but a small number continue to serve the space lanes of Segmentum Tempestus. The Siluria is best suited to supporting battle fleets rather than undertaking missions on its own. However, a full broadside from one of these ships is more than capable of causing great damage, so these vessels tend to be well screened until the time to unleash its weapons arrives. During the Phillipa campaign, the Siluria cruisers *Vanguard* and *Thebes* served with particular renown.
