In the confusion prevalent in the latter stages of the Third Armageddon War, a number of new Ork ship classes never before encountered were codified by the Ordo Xenos. Though a protracted war still rages across the surface, careful analysis of the ships encountered in the years since the fleets of Ghazghkull Thrakka were dispersed indicate that while there was a great deal of differences between individual capital ships, they still fit into a small number of broad categories in a similar manner to Imperial ship classes.
