SPECIAL - The <i>Seditio Opprimere</i> cannot use <i>Come to New Heading</i> special orders. - The <i>Seditio Opprimere</i> represents a venerable battle barge as-is and does not need to pay +35 points for having Space Marines. It can easily be modelled by constructing a Space Marine battle barge normally but substituting two lance batteries on each side instead of the normal gun decks.					

First recognized for the threat it was in 745.M41, Hive Fleet Behemoth ravaged the Imperial worlds of Ultima Segmentum until it began encroaching upon the Ultramar sub-sector, dominion of the Ultramarines Chapter. The *Seditio Opprimere* was reduced to a near hulk at the Battle of Prandium as the Tyranids reduced to a barren wasteland what was once a fertile and lush garden world, the “Jewel of Ultramar.” Despite the great Imperial victory defeating Behemoth in the Ultramar home system above the rings of Circe, the Imperial Navy faced staggering losses, and the Ultramarines faced little resistance when the Mechanicus Adepts of Calth rebuilt it as a powerful gunship with the weapons fit and defences to burn through the miasma of spore clouds when fighting the Tyranids. Designing such improvements into the vessel proved difficult, and some launch bay capacity had to be sacrificed for the additional magma bomb magazines and energy conduits for its upgraded defences.
