Keel pulsar lance		30 cm		1	Left/front
Keel pulsar lance		30 cm		1	Front/right
SPECIAL - It is a unique vessel, only one may ever be included in the fleet. - The <i>Flame of Asuryan</i> embarks the most fearsome members of Yriel’s own pirate warband, which count as an Aspect Warrior fighting crew.					

At the heart of Iyanden lies the Shrine of Asuryan. It is here that the most powerful and wise of Iyanden's leaders gather for all talk of war and it is here that the armies of Iyanden muster when the time comes. There is no place more sacred, nor more heavily guarded within the entire Craftworld. At the centre of this great shrine burns a constant flickering fire, the Flame of Asuryan itself – a beacon, a symbol of hope to the Eldar of the Craftworld. It is said that the Flame of Asuryan is the burning fire with which the Eldar will claim victory over all who would attack the Craftworld, though it is also said that should the flame ever go out, Iyanden's light will diminish also. When Yriel led the Craftworld's fleet, he was considered to be the favoured of Asuryan, and amongst his many great titles earned himself the honorific of 'Bearer of the Flame', and duly renamed his flagship the *Flame of Asuryan* accordingly. The *Flame of Asuryan* is magnificent, even by the standard of Dragonships. It bears three great sails – one borne upon its long elegant spine, and another pair each mounted atop the great outriggers to its flanks, both of which also bear deadly pulsar lances. The *Flame of Asuryan* bore Yriel to many great victories at the head of the Iyanden fleet and he would give little thought to parting with the vessel once his own rank was lost and his own place amongst the Craftworld taken from him. Instead, he and his most loyal followers departed, Yriel himself still aboard his mighty flagship. By such means did the *Flame of Asuryan* come to depart the Craftworld of Iyanden.

When Hivefleet Kraken descended upon Iyanden, Yriel made no attempt to aid his former home, but when the Tyranids overran Iyanden and threatened the Shrine of Asuryan itself, he could no longer ignore its calling. Returning at the head of a mighty fleet of raiders who he had gathered about him in his years of exile, Yriel smashed aside the Tyranid fleet.
