The Shadow class cruiser is typical of all Eldar capital ships. Its multiple solar sails give it tremendous speed and manoeuvrability, able to outrun even the escort ships of other races. The most infamous Shadow class cruiser to fight in the Gothic War was the *Black Star*. Commanded by the so-called Prince Conanmaol of the Executioners, the *Black Star* accounted for several Imperial capital ships and the loss of a considerable tonnage of Imperial merchant shipping. The *Black Star* eluded destruction for the entirety of the Gothic War and continues to lead attacks from the depths of the Graildark Nebula to this day. The *Fhianna Rethol* is noted as the first Eldar ship in the Gothic system to be captured relatively intact. However, even as the hulk was being studied at Argante Station, a flotilla of Eldar escorts struck. Punching through the few system defence ships, the Eldar launched several torpedo salvos at the docked vessel, obliterating it entirely, before disengaging at high speed.
