SPECIAL	• A Fortress-Monastery follows all rules for the Ramilies Class Star Fortress detailed on pg. 480 except as specifically outlined here. It's probably a good idea to read the Ramilies rules first.				

Some Chapters possess no homeworld at all, and instead operate from mobile space fortresses. These gigantic craft contain sufficient accommodation, workshops, hangars, training areas and dock facilities for the entire Chapter and operate as a semi-mobile base for Chapter operations. While they may take any number of forms, fortress-monasteries are immensely powerful, with firepower equivalent to that of the mighty Ramilies Star Fortress in many respects. Additionally, they are not only mobile but warp-capable, and it is not unknown for some Space Marine Chapters to actually utilize a suitably modified Ramilies Star Fortress allocated to them for this express purpose. No Chapter possesses more than a single fortress, and as the base of operations for the entire Chapter they are guarded just as ferociously as a homeworld would be.
